In Memoriam

Pittsburgh fan Ann Cecil (b. 1940)
died on January 11, a couple of days
after entering hospice. Cecil was ac-
tive in convention-running, having
co-founded PARSEC, Confluence,
SouthWrites, and the Pittsburgh
Filk Underwriting Initiative. She
was the Listener Guest at OVFF 12
and Fan Guest of Honor at Off-Key
Contraption in 1994. She was also
a long time member of Fort Weyr,
the Pittsburgh Pern Fandom.

Thanks from Arisia

Arisia thanks the Sawyer Hill Eco
Village and Readercon for their as-
sistance with this year's staff den
and green room.

Arisia thanks Viable Paradise for
the donation of the bagel breakfast
in the ConSuite Sunday morning.

Just Married ♥

Well-known members of the Arisia community, Peacefrog and Dreaming,
were married yesterday, at-con, in a fan-based ceremony. May each day of
their long lives together be even happier than the day before.

Arisia 2011 was our biggest year yet! As of press time, final numbers were not yet available, but we have over 2900 warm bodies on site (and an undetermined number of cold ones!) and over 3000 registered. Thanks, everyone!

Donations & Giving

Success! Bravo, Arisians! Massachu-
setts General Hospital welcomed
101 potential donors on Saturday,
among whom 81 successfully donat-
ed. On Sunday, 58 potential donors
presented themselves to Children's
Hospital staff, 40 of whom were
able to give blood. This makes a
new Arisia record of 159 candidates
coming forward, 121 of them suc-
cessful. This is wonderful news for
the many patients in need. Thank
you all! To the Naughty Nurses of
Arisia, the ConCom, countless con
volunteers and hotel staff, many,
many thanks. -John Hodges, The
Heinlein Society
